

FAQs for Providers

Q: Is AMG leaving your networks?

A: AMG is in a rate dispute with us and left our commercial and BlueCare networks April 1. Members can still get care from AMG, but AMG is now out of network.

Q: Can AMG balance bill our members on or after April 1?

A: Federal protections under the No Surprises Act limit balance billing for emergency care and certain non-emergency services—like anesthesiology provided at in-network facilities. Balance billing concerns should be reported to our Member Service team.

Q: Where do AMG anesthesiologists practice?

A: AMG providers offer care at the following facilities:

- Baptist Ambulatory Surgery Center
- Centennial Surgery Center
- Clarksville Eye Surgery Center
- Franklin Surgery Center
- Northridge Surgery Center
- Patient Partners Surgery Center
- Saint Thomas SC of Clarksville
- Southern Joint Surgery Center
- Summit Surgery Center
- Sumner Regional Medical Center
- Surgery Center of Clarksville
- Tennova Healthcare Clarksville
- TriStar Centennial Medical Center – Nashville
- TriStar Hendersonville Hospital
- TriStar Horizon Medical Center
- TriStar Skyline Medical Center
- TriStar Summit Medical Center
- Williamson Medical Center

Q: Do you have a list of in-network facilities that offer in-network anesthesiologists besides AMG?

A: Yes. Please see the chart below and refer our members to these facilities. This will help reduce potential member frustration.
